

Community Consulting Teams | Boston

bringing MBA business expertise to Boston area nonprofits since 1990

Increase the Impact of Your Nonprofit

Community Consulting Teams of Boston (CCT) amplifies the impact of Boston-area nonprofits through **pro bono management consulting projects** performed by teams of experienced MBAs from top-tier business schools.

Our Clients

Our clients are **Boston-area 501(c)(3) nonprofits** in socially beneficial sectors such as youth development, education, social services, environment, healthcare, and the arts. We have served over 190 clients including recent clients: Samaritans, Clarendon Early Education, Mill City Grows, Fuller Craft Museum and YouthBuild Boston.

Our Consultants

We are a diverse community of over 800 experienced business professionals who are alumni of top-tier MBA programs such as Columbia, Darden (UVA), Fuqua (Duke), Johnson (Cornell), Kellogg (Northwestern), Sloan (MIT), Stanford, Tuck (Dartmouth), Wharton (UPenn), and Yale.

COVID-19 Response

We recognize that many nonprofits are facing staffing and funding challenges, while at the same time needing to rethink service delivery methods to meet the evolving needs of constituents and statewide Covid-19 restrictions. We understand that the current situation makes things very unpredictable and, in response, have made adjustments to the 2020-2021 application and project cycle.
